30. What is geography for Lilya?

Meet Lilya, a curious kid who loves learning about places. In school, Lilya studied geography, which is all about the Earth and its features. She discovered that the world has continents, like big puzzle pieces. There are oceans too, covering a lot of the planet. Lilya learned about countries, each with its own unique things, like food and traditions.

Maps helped Lilya understand where things are. Mountains stand tall, rivers flow, and deserts can be really hot. Lilya found it exciting to know about different climates and landscapes. Geography is like exploring the Earth's amazing puzzle and discovering the cool and diverse things that make each place special. Lilya loved how geography made the world feel like a big, interesting adventure!

a) It’s just a school subject
b) It’s rather puzzling
c) It’s only traditions and Earth features
d) It’s discovery of the unique World
e) It’s misunderstanding of what things are
